INSTALLATION METHODS

GRADINGS

Select

Typically, select grade has no knots or these will be of minimal size. Mainly no sapwood. There will be a relatively small amount of colour variation in the timber itself.

Natur

Typically, this grade will have a mix of almost select boards with other planks which have more pin knots and knots up to 15 mm size. Expect some variation in tone from heartwood. Mainly no sapwood or these will be of minimal defects, if any at all.
