## INTRODUCTION

- Creation of basic infrastructure is essential for growth of the country. The growth of the society in a country depends upon the creation of a large tangible assets and creation of a large tangible assets base is imperative for the growth of business. The problem today is that, once some infrastructure facilities have been created, priorities of decision maker's shift to operational needs and unintentionally the valuable facilities are not maintained to the best of their functional capabilities. This results in crises situations sooner than planned for the sufferer is the end users.

Balanced Growth approach in any Developing Country like India is the best way to achieve the targets. The decision maker should possess responsibility for the rapid development of the core sector. Development of the basic infrastructure facilities like roads is prerequisite for the fastest from one end to other. Keeping in view of the above scenario, the decision maker in India keep the following strategy in their mind.

- Development of New Roads
- Improvement and Strengthening of the existing one.
- Buildings

Grid Floors Pvt. Ltd was promoted to cater the needs of country into the areas of Construction, development, improvements of Roads, Buildings, Drains, Heavy earth works etc.

## **PHILOSOPHY BEHIND THE ORGANIZATION STRUCTURE**

The structure of the company is devised from the strong belief that independent decision making and freedom of operation brings the best from the employees. The structure allows the proprietor to be the coordinator between the different Group Heads and the policies formulated with his participation flow to the lower level through him to the Group Heads. The person occupying the post of group heads and Senior persons with wide experience and required level of maturity in problem solving and providing guidance to the lower level of maturity in problem solving and providing guidance to the lower level staff.

As the volume of business of the company increases, the company will have more and more group heads, for leading the company towards its goal to fast growth and success.

SL.No.	Particulars	Nos.	Age
01	Computerized Hot Mix Plant	3 Nos.	1 to 3 years
02	Wet Mix Plant	3 Nos.	3 years
03	Paver Finisher	3 Nos.	2 years
04	Static Roller	8 Nos.	4 years
05	Excavator JCB	3 Nos.	1 to 3 years
06	Excavator	1 Nos.	4 years
07	Tipper	8 Nos.	5 years
08	Hyva	12 Nos.	1 year & 3 year
09	Moter Grader (BEML)	1 Nos.	2 year
10	Soil Compactor	3 Nos.	1 year to 3 years
11	Tandom Vibrator Roller	4 Nos.	2 year
12	Backhoe Loade	2 Nos.	1 year
13	Concrete Mixture	2 Nos.	1 year
14	Pump Set	2 Nos.	1 year
15	Air Compressor	3 Nos.	1 year
16	Mechanical Broom	3 Nos.	1 years
17	-Mechanical Sprayer	3 Nos.	2 years
18	Tar Boiler	4 Nos.	2 years
19	Water Tanker	6 Nos.	2 years
20	Concrete Mixture	2 Nos.	1 years

## **PLANT & MACHINERY FOR BUILDING WORKS**

01. THEODOLITE	04 NOS.
02. LEVELING INSTRUMENT	05 NOS.
03. PUMPS FOR MISC. PURPOSE	10 NOS.
04. WELDING SET	01 NOS.
05. MIXER MACHINE	05 NOS.
06. VIBRATORS	10 NOS.
07. CUBES TESTING MACHINE	01 SET
08. FLOOR GRINDING & POLISHING MACHINE	02 NOS.
09. CHAIN PULLEY	04 NOS.
10. DRILLING MACHINE	04 NOS.
11. BUILDERS HOIST	04 NOS.
12. STONE CUTTING MACHINE	05 NOS.
13. STEEL SHUTTERING PLATES	500 NOS.
14. GENERATOR	02 NOS.
15. TRACTOR TROLLY	01 NO.
16. WOOD WORKING BENCH MACHINES	01 NO.
17. TOWER CRANE	01 NO.
18. MS SCAFFOLDING	15 MT.

---

## **RESEARCH & DEVELOPMENT**

Company has its own Research and Development equipped with Modern Instruments and Qualified personnel.

Research is carried out on a regular basis. The firm is having latest Technology equipment for carrying out

regular testing. The list of Lab equipment's is as follows :

1. Marshall Stability Machine with Complete set.
1. Aggregate impact value machine.
1. Sieve Shaker with Complete set.
1. Flakiness index plate
1. Bitumen extractor machine
1. Beakers for Water bath
1. Bitumen Penetration Machine

1. Oven, Water bath
1. Dial Thermometer
10. Weigh balance 10 Kg.
11. Loss Angeles observation value
12. Plasticity index apparatus
13. Field Density Equipment (Core Cutter Machine)
